# Ahmad Sofi Sidik

Software Developer | AI & IoT Enthusiast | Information Technology  
Student

Brebes, Jawa Tengah, Indonesia

## Ringkasan

I am a Software Developer with over 2 years of experience in designing and building innovative software solutions. Currently, I am pursuing a Bachelor's degree in Information Technology at Bina Sarana Informatika University.

Throughout my journey, I have accomplished the following:

- Full-Stack Development: Built end-to-end applications using the MERN Stack.
- Backend Services: Developed backend services with Golang (personal project) and Laravel 11 (internship experience).
- IoT Development: Designed a Smart Home System powered by ESP32, integrating hardware and software technologies seamlessly.

I am passionate about exploring emerging technologies, particularly in the field of Internet of Things (IoT) and scalable software development. With a blend of academic knowledge and hands-on experience, I am driven to deliver impactful tech solutions.
